

## 4V Clinical Biosafety Essentials: A Guide to Integrating Safety Practices from Research to Clinical Environments

September 30 and October 2, 2025 | 11:00 am – 3:00 pm CDT  
Virtual Professional Development Course

### Instructors:

Allison Reeme, PhD, CIC, RBP(ABSA), Acacia Safety Consulting, East Troy, WI  
Caitlyn Hauke, PhD, RBP(ABSA), CBSP(ABSA), Sabai Global, Chesterfield, MO

### 🔍 Overview

This course addresses the growing need for Biosafety Professionals to apply biosafety principles in the clinical environment. Clinical trials for biological therapeutics are becoming increasingly common. Therefore, safety professionals on regulatory committees such as the Institutional Biosafety Committee must possess a strong understanding of clinical safety, terminology, and regulatory requirements in order to perform an adequate risk assessment of the proposed hazard mitigation measures for these studies. In this course we will explore various clinical spaces, their unique biosafety considerations, and relevant hospital regulations that apply to patient safety, staff safety and a safe environment of care. You will also acquire the knowledge necessary to apply these safety practices in accordance with both research and clinical safety regulations while developing, in collaboration with clinical colleagues, processes that maintain staff safety at all levels.

### 💡 What You'll Learn

- **Clinical Biosafety Principles and Environments** – explore **biosafety applications in clinical settings**, including various types of clinical spaces
- **Regulatory Knowledge for Clinical Trials** – gain the skills needed to participate effectively on **Institutional Biosafety Committees (IBCs)** and evaluate hazard mitigation strategies
- **Collaborative Safety Process Development** – emphasis on maintaining **staff safety** while aligning with both **research and clinical safety regulations**

### 🔑 Objectives:

- Describe inpatient, procedural, and outpatient clinical environments, detailing the risks of pathogen transmission within each and how these risks shape the application of biosafety practices
- Compare and contrast Biosafety Levels, Standard Precautions, and Isolation Precautions
- Apply research and clinical safety guidelines during regulatory committee reviews of human gene therapy clinical trial applications
- Identify the various clinical roles that facilitate the practical implementation of these precautions

✅ **Suggested Background:** Fundamentals of Biosafety

🎯 **Who Should Attend:** Experienced Biosafety Professionals, All Safety Professionals

📄 **Course Logistics:** Course is two 4-hour sessions. Attendees will need to log on 15 minutes prior to the start time. There will be a 15-minute break each session during the course. To receive credit and a certificate, attendees must attend the session and complete or access all course modules. The course materials are for **registered participants only**.

💰 **Course Fees:** **\*ABSA Member: \$500      Non-member: \$670**  
\* To receive the ABSA member rate, participants must be current ABSA members during the training year. Fees include course handouts, access to the ABSA International training site, and 8 hours of expert-led interactive instruction.

📜 **Credits:** This course has been approved for **1.0 CM points** toward RBP/CBSP recertification. \*ABSA International is approved as a provider of continuing education programs in clinical laboratory sciences by the ASCLS P.A.C.E.® Program. This course is approved for **7.5 P.A.C.E.® contact hours**. Course access links are unique and for individual use only. **Sharing is prohibited**. Duplicate logins or unregistered attendees will be removed from the webinar without a refund.

❓ **Questions:** Contact: Kari DeServi, MEd, Director of Education, ABSA Office, 866.425.1385 (toll free)

## 4V Clinical Biosafety Essentials: A Guide to Integrating Safety Practices from Research to Clinical Environments

\*Name (First, Middle Initial, Last): \_\_\_\_\_

\*Organization: \_\_\_\_\_

\*Address: \_\_\_\_\_

\*City, State: Country: Zip/Postal Code: \_\_\_\_\_

\*Telephone: \_\_\_\_\_

\*E-mail: \_\_\_\_\_

(Please provide your preferred email address, which you frequently access)

### **\*Required information**

### **Payment:**

\_\_\_\_\_ ABSA Members      \$500.00 USD

\_\_\_\_\_ Nonmembers      \$670.00 USD

To receive the ABSA member rate, participants must be current ABSA members during the training year.

\_\_\_\_\_ Visa      \_\_\_\_\_ MasterCard      \_\_\_\_\_ American Express

Card Number: \_\_\_\_\_

Expiration Date: \_\_\_\_\_ CVV: \_\_\_\_\_

Name on card: \_\_\_\_\_

*To receive the ABSA member rate, participants must be current ABSA members during the training year. Confirmed, paid participants will receive course details a few days prior. Substitutions allowed with notice by 9/2/2025. Cancellations incur a 15% fee. Between 9/2/2025 and 9/9/2025, 50% refunds apply. No refunds after 9/9/2025.*

*Each participant will receive a unique, non-transferable link to access the course. These links are intended for individual use only. If multiple entries under the same name appear on the Zoom attendee list, or if unregistered names are detected, all such entries will be removed without refund. Sharing or unauthorized use of webinar links is strictly prohibited.*
