## Corporate Sponsorship

ABSA International was incorporated in 1984 to become the global leader for providing professional and scientific expertise in the practice of biosafety and biosecurity. ABSA International is comprised of over 1,900 members from individuals, companies, universities, and governmental agencies throughout the world. ABSA International sponsors an annual conference which is regularly attended by several hundred biosafety and biosecurity professionals and environmental management officials from its member organizations.

The **69th Annual Biosafety and Biosecurity Conference** will be held Saturday, October 10 to Wednesday, October 14, 2026, at the Mobile Convention Center in Mobile, Alabama. This promises to be an engaging and stimulating event. Approximately 500-700 attendees representing a broad spectrum of biosafety and biosecurity, pharmaceutical, biotechnology research, development and clinical organizations are expected to attend. The conference draws national and international attendees from academic, commercial, research, and governmental sectors. It is a great opportunity to showcase your products to a broad audience of professionals.

The various sponsor levels are identified here, along with the benefits and recognition that will be provided to sponsors. If you are interested in being a sponsor, please complete and e-mail or mail this sponsorship form. **The amounts are U.S. bank drafted funds.**
